## FRISBEE LEGENDS

The Rochester disc golf community owes a lot to Jim Palmeri and we hope to thank him, in part, by naming the 50th Tournament after him. Jim Palmeri was the original Tournament Director of the American Flying Disc Open in 1974, and continued to run the event for nearly 10 years afterward. It was his dedication to the sport (perhaps best exemplified by a certain 1974 Datsun B-210) that made Rochester the home of competitive disc golf and he is an inspiration to the others that kept it going for the next **FIFTY YEARS!**

**Thank you Jim, from all of us.**

Jim was not alone though, and at Wood Kettle Brewing at 6pm on August 20th we will honor all of the disc golf greats that have served the local and global disc golf communities.
